\_It is designed and manufactured using the most advanced technology on the market, 4D TECH. Its new innovations are all associated with the four key cornerstones on which 4D TECH is based -Dimension, Design, Definition and Distinction-, leading to products conspicuous for their exclusive distinction.

\_Thanks to their large 260cmx100cm format, these products are great for use on large surfaces of all kinds. They ensure greater continuity and a more uniform visual appearance, since fewer tile joints are needed.

\_The 6mm thickness of the tiles reduces their weight, without relinquishing their high resistance. This represents huge benefits in the transportation, handling, storage and tile-laying processes, with potential financial savings.

\_Thanks to the perfect mix of a large format and slimline thickness, the tiles can be used in many different applications: on façades, in interiors, in public spaces, as furniture, in refurbishment projects etc.

\_Diseñado y producido con la tecnología más avanzada del mercado 4D TECH. Sus innovaciones, basadas en los cuatro pilares fundamentales de dicha tecnología -Dimensión, Diseño, Definición, y Distinción- aportan exclusividad y diferenciación en sus productos.

\_Gracias a su gran formato 260x100cm, permite una mejor adaptación a todo tipo de grandes superficies. Proporcionando una estética más uniforme y continuista como resultado de la reducción de juntas.

\_Su espesor de 6mm, aporta ligereza y resistencia al mismo tiempo. Lo que supone grandes ventajas en transporte, manipulación, almacenamiento y posterior colocación, implicando un posible ahorro económico.

\_La combinación perfecta entre su gran formato y mínimo espesor, resulta adecuada para muchas aplicaciones diferentes: fachadas, espacios de interior, espacios públicos, mobiliario, espacios rehabilitados, etc

KRON is inspired by an exquisite natural stone, with a neutral background whose crisscrossing fine white veins guarantee a unique stylish elegance.

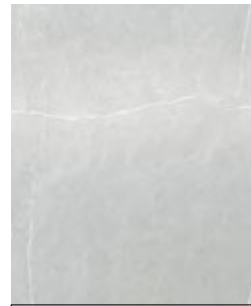

The collection comes in a choice of three different shades of grey: Pearl –the palest– and Gray – mid tone – are both perfect for creating restful settings; plus Charcoal – a darker option – for surfaces with added personality. The collection comes in a 260x100cm format, in a Natural finish.

KRON se inspira en una exquisita piedra natural, en la cual sobre su fondo neutro se entrecruzan finas vetas blancas, que aportan un estilo único y elegante. Su gama cromática, se compone de 3 tonos en escala de grises.

Pearl es un tono gris claro y Gray haría referencia a un gris medio, ambos permiten crear espacios calmados. Por su parte, el tono Charcoal, aporta mayor carácter gracias a su intensidad de negro. Dicha colección se encuentra disponible en 260x100cm, y en acabado Natural.

SUPREME is a collection that unites stylish elegance with a strong design appeal. Inspired by select pieces of 'Invisible Blue' marble, its bluish-grey surface veining contrasts with the white background, lending each of the tiles a personality more synonymous with a work of art. One special peculiarity are the additional effects of the collection's Shaped finish, further enhancing its striking veined pattern, with end results that surpass those of the real marble.

Available in 4D TECH in a 260x100cm Natural finish, and 180x100cm and 100cmx100cm Premium Polished or Shaped finish. Also available in a Polished or Natural finish in 60x120cm or 75.5x151cm format, and in 33.3x100cm wall tiles in a Natural finish.

SUPREME is perfect for creating settings conceived to make a unique, highly original impact, elevating the concept of deluxe sophistication to new levels.

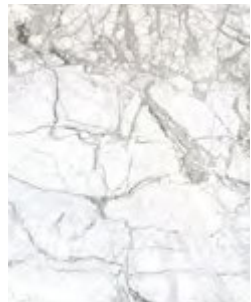

SUPREME es la colección donde el diseño y la elegancia se aúnan para sorprendernos. Inspirada en la versión más exclusiva del mármol 'invisible blue', representa una superficie de tonos grises azulados, que contrastan sobre su base blanca, proporcionándole carácter y personalidad a cada una de sus piezas, como si de una obra de arte se tratara. Con una particularidad, y es que su acabado Shaped, introduce efectos matéricos, que realzan todavía más su bella gráfica veteadas, ofreciendo una composición que supera la propia naturaleza del mármol original.

Disponible en 4D TECH, en 260x100cm en acabado Natural, y en los formatos 180x100cm y 100x100cm tanto en Pulido Premium como en acabado Shaped. Y también disponible en acabado Polished y Natural en formatos 60x120cm, 75,5x151cm, y en revestimiento natural de 33,3x100cm.

En definitiva, SUPREME es una apuesta ideal para crear espacios únicos y excepcionales, donde lujo y sofisticación alcanzan su máxima expresión.
