

TEXTILE

BY YONOH

TEXTILE LEATHER/20x20

Inspired by the weave of fabrics, TEXTILE by YONOH features a subtle elegant mesh-like pattern made up of smaller meshes. The version with a white background features different overlapping layers of colour in randomly combined compositions, while the plain-coloured models come in the same background shade as the white version's overlapping colours, thus creating visual interplay evocative of different superimposed textile weaves.

TEXTILE by YONOH se inspira en la superposición de texturas textiles para crear un entramado sutil y elegante, un dibujo generado por pequeñas cuadrículas que forman otras superficies mayores. La versión de fondo blanco superpone diferentes capas de color para generar composiciones que combinan de forma aleatoria. Las piezas monocolor por su parte toman como base cromática los mismos tonos que los superpuestos a la versión blanca, creando así juegos visuales basados en las superposiciones de diferentes tramas textiles.
